Something Wicked Which Way Comes

Jim just woke up with the intentions to go to the carnival that just arrived in town. He is headed to the town square, not sure if he is walking in the right direction. He approached the first person he saw and asked him "Am I headed towards the the Carnival?" Unfortunately this person was unable to speak and simply rubbed his stomach in response. Jim knew that this meant either yes or no but was not sure which. With just one additional question, Jim was able to find out. "What did Jim ask?"

Riddle Solution

Something Wicked Which Way Comes

All Jim needs to do to determine if he is headed the right way is to ask the person "Did I just asked you a question?" and if the person rubs his stomach Jim knows that means "yes" and he knows he is headed in the right direction. If he asks him that question and he does something else he knows he is headed in the wrong direction because whatever action he responds with must mean "yes" and thus he can be sure that the stomach rubbing did not.

Learning is the beginning of wealth. Learning is the beginning of health. Learning is the beginning of spirituality. Searching and learning is where the miracle process begins.

Jim Rohn
