“Trust in the Lord with all your heart and lean not on your own understanding; in all your ways submit to him, and he will make your paths straight.”

- Proverbs 3:5-6

**Aubree Laster,
Student Editor**

In this is love, not that we loved God, but that he loved us and sent His Son to be the propitiation for our sins. Beloved, if God so loved us, we also ought to love one another.

John 4:10

RIDDLE

Two Trees and An Island

You are standing at the edge of a lake. The lake is 500 feet in diameter and there is a small island directly in the middle. There is a large tree next to you and a large tree in the middle of the island. You cannot swim and you have a little over 500 feet in rope. How can you use the rope as a means to get to the island in the middle of the lake?

Answer on last page

Baer is all rested up from the three day weekend and is ready to get back to work!

**But those who hope in the Lord
will renew their strength . They
will soar on wings like eagles;
they will run and not grow wea-
ry, they will walk and not faint.**

-Isaiah 40:31

That by two immutable things, in which it is impossible for God to lie, we might have strong consolation, who have fled for refuge to lay hold of the hope set before us.

- Hebrews 6:18

Riddle Solution: Two Trees And An Island

First, tie one end of the rope to the tree next to you. Then, while you're holding the other end of the rope, walk all the way around the lake wrapping the tree in the center. When you return to your starting point, tie the end of the rope you're holding to the large tree. You can now use this makeshift rope bridge to hold on to and cross the lake to the island.
